## Women's Leadership Study - KPMG

The KPMG Women's Leadership Study is a comprehensive survey of more than 3,000 professional and college women, exploring the qualities and experiences that contribute to women's leadership and advancement in the workplace. In addition to outlining challenges and opportunities shared with us, the study also offers concrete steps that can be taken to move more women into leadership positions.

## B<sup>o</sup>i<sup>h</sup>t - Chwarae Teg

Young Women's Career Aspirations B<sup>o</sup>i<sup>h</sup>t INTRODUCTION Since Chwarae Teg was established in 1992, much progress has been made in the field of gender equality. Despite these efforts, gender inequality remains an issue in work and public life. Women are still underrepresented in STEM industries; women still earn less than men, and at current rates of progress, it will take 62 years to close.

## Advancing Science for the Health of Women

common goal of advancing science for the health of all women. I am optimistic that there will be many opportunities for scientists to come together for this shared purpose over the next five years and many fruitful outcomes from our efforts. Janine Austin Clayton, MD, NIH Associate Director for Research on Women's Health, Director, NIH Office of Research on Women's Health. iv The 2019-2023
