Our work on motor finance - final findings

We wanted to understand the use of motor finance products, and to assess the sales processes employed by firms and whether the products could cause consumer harm For example, this could be because the finance is ancillary to the acquisition of a vehicle, and so may be a secondary consideration for the consumer 12 In July 2017, we set out some key questions for the review to answer: • Are

The request is specific to your police force and regards ...

As far as I understand it, these markers mean that if a suspect's car has previously been linked to a crime, this will be flagged to officers via the police force's Automatic Number Plate Recognition (ANPR) system or from officers manually submitting registration plate details into a force's database My questions are: 1 Are these markers attached to the cars themselves, or to their
