tools for evidence visualization in law, is that for argument from expert opinion The visualization of argumentation schemes is illustrated using a new version of the scheme, which takes into considera-tion Supreme Court rulings on the admissibility of expert witness testimony

Legal idioms: a framework for evidential reasoning

This approach is applied to witness and alibi testimony, and is illustrated with a real legal case We show how the framework captures critical aspects of witness reliability, and the potential interrelations between witness reliabilities and other hypotheses and evidence We report a brief empirical study on the interpretation of alibi evidence, and show that people's intuitive inferences

EVALUATING CORROBORATIVE EVIDENCE Douglas Walton

would be a case of witness testimony evidence One witness testifies she saw the accused leaving the crime scene, but her testimony, by itself, may not be all that strong as evidence However, when a second witness testifies independently, saying that he also saw the accused leaving the crime scene, this new evidence corroborates the testimony of the first witness, making it stronger as

An Argumentation Interface for Expert Opinion Evidence

An Argumentation Interface for Expert Opinion Evidence D Walton and N Zhang, Ratio Juris, 29(1), 2016, 59-82 Abstract Tribunals have come to depend increasingly on expertise for determining the facts in cases However, current legal methods have proved problematic to work with This paper argues that, as a special model of public understanding of science, assessing expertise should
